

Companion Synods of the South Dakota Synod

Evangelical Lutheran Church of Cameroon

ROOFS FOR CONGREGATIONS

This mission project has a long history within our South Dakota Synod, and a significant evangelistic impact within the ELCC. Congregations are waiting to receive this blessing. It takes **between \$8,000 and \$10,000** to provide a roof for one congregation.

TRAIN UP A CHILD

This project also have long history within our South Dakota Synod and needs our ongoing funding. The Evangelical Lutheran Church of Cameroon is located among people who live in extreme poverty. Our mission gifts make possible not only for children to receive the precious gift of education and build up hope for their families but also becomes the seedbed for ongoing leadership development for the church. **A gift of \$100** ensures one child can purchase school materials and attends school.

SEMINARY SCHOLARSHIPS

The ELCC is a fast-growing church and the need for trained pastors is always present. The Seminary in Meiganga is the place where pastors are being trained for the national church. Congregations who send their students to the seminary cannot afford all the expenses involved in their theological training. **A gift of \$1,000** provides the most basic needs for one seminary student.

HOSPITAL IN GAROUA BOULAI

This hospital continues to serve overwhelming needs in the community of Garoua Boulai and also among a refugee community of over 40,000 people who have fled from the armed conflict of the Central African Republic. It is the only hospital serving in the region.

SEWING PROJECT AT THE SEMINARY IN MEIGANGA

Wives of seminary students are actively involved in this project as a way to support their families during the time they are physically living in the seminary community.

Lutheran Church of Faith & Hope of Nicaragua (ILFE)

GREEN PROJECT OF CEDRO GALAN

This pioneer agricultural project has a national impact. Pastors and church leaders are trained in agricultural sustainable practices to be replicated in their own communities. **\$28,000 per year.**

IMPROVING CEDRO GALAN FACILITIES

Cedro Galan is also the gathering and housing place for local and national training events and is where our South Dakota and USA visiting delegations stay.

Project cost: \$47,000.

VOLUNTEER MISSIONARY

This position is critically important to both ILFE and our Synod. The volunteer missionary facilitates bilingual communications, coordinates logistics for our Synod's mission groups and interprets our shared mission. We are currently recruiting such person and funding is needed beginning 2016. **\$18,000 per year**

NATIONAL YOUTH RETREAT

ILFE is predominantly made up of young people who need ongoing leadership skills and training. The Annual Youth National Retreat is a significant response to this ongoing need and a truly effective initiative. **\$10,000 per year**

ELEMENTARY SCHOOLS AND WOMEN TRAINING SCHOOL

If new leadership for the church is to happen, basic formal education is also critically important. Elementary schools function with extremely limited resources. If families are to improve their livelihood, women must be trained with working skills. **\$6,000 per year**

The Companion Synods Committee recommends gifts to be earmarked **Companion Synod - Nicaragua and/or Cameroon** thus giving the Committee the freedom to allocate funds where most needed at a given time. Gifts should be sent to our Synod Offices. Gifts large and small are always needed and welcome. For additional information contact Pastor Natanael Lizarazo at companion-synod@sdsynod.org or 605-261-7450.

Our participation in God's mission matters immensely to God and our companions in Nicaragua and Cameroon. Thank you for your generosity!
