

## Critical and Urgent Needs in the Hospital in Garoua Boulai

*Dear Brothers and Sisters in Christ: Greetings from Garoua Boulai in the Name of our Lord Jesus Christ! We are thrilled with your partnership in the electricity and X-Ray machine repair projects of Garoua Boulai*

*Protestant Hospital, GBPH. The repair is very urgent because since May 2013, we don't have a working X-Ray machine which was broken by the city unstable electricity. This situation hinders us to take good care of people suffering from trauma, pulmonary and gynecological diseases. It is worsened with the sad events in Central African Republic from where many injured and sick people are referred to our hospital, unfortunately many of them needing X-Ray exams had to be sent to other hospitals. In 2013, we treated 1461 patients per month with estimated 250 persons needing X-Ray exams. This is expected to increase once the machine works again. The X-Ray machine is vital to our town because it is the only one in the radius of 150 miles. The income from the X-Ray exams helps us also to make the hospital self sustainable.*

**Message received from Dr, Solofo on April 3, 2014**

### **There is work to be done.**

While significant improvements have been recently done to the Hospital thanks to a leading gift of First Lutheran Church in Sioux Falls, the most critical need at this time is the rewiring of the electrical system and the securing of a voltage stabilizer. As stated directly by Dr. Solofo, without these improvements, the equipment will continue to be damaged, rendered useless and the hospital significantly challenged. The project is estimated to cost around \$27,000.

### **You can help!**

Bishop David Zellmer has communicated that given the critical nature of this mission project he will go ahead by faith so that it starts as soon as possible. Thus this urgent appeal! Please respond directly through your congregation or send your gifts earmarked Hospital in Garoua Boulai to the Synod Office by April 28, 2014.

**Thank you for your mission generosity!**
